Mrs Jeannette Kagame, a Paul Harris Fellow, became an honorary member of the Rotary Club of Kigali-Virunga in 2004. Her philanthropic work through the Rotary includes her active involvement in raising awareness about the polio vaccination programme, in Rwanda and abroad, while helping mobilise various stakeholders around the World Polio Day campaigns. Mrs Kagame also played an instrumental role in helping establish, in 2012, the Rotary-initiated project for the first Kigali Public Library.

In 2007, Mrs Kagame was appointed by the World Health Organization (WHO) as the High Representative of the Africa AIDS Vaccine Programme (AAVP) to ensure the active participation of African stakeholders in all areas of HIV/AIDS research and development.

In 2008, the First Lady was named Patron of the White Ribbon Alliance – Rwanda Chapter, an initiative dedicated to ending maternal and infant mortality. In 2010, the World Food Programme (WFP) appointed her as Special Representative on Child Nutrition. In 2013, she was elected Vice President of the Organization of African First Ladies against HIV/AIDS (OAFLA). She has also joined UNAIDS and LANCET as one of their high level commissioners.

Mrs Kagame serves on boards of international organizations, including Friends of the Global Fund Africa, the Global HIV Vaccine Enterprise and the Global Coalition of Women against HIV/AIDS, all in recognition of her achievements and untiring efforts.

In 2014, Mrs Kagame became an International Honorary Member of Zonta International for her contribution in changing societal attitudes about women, and improving their wellbeing beyond the national level.

Mrs Kagame holds a degree in Business and Management Science and has delivered keynote speeches at national and international fora on various themes including: leadership, economics, health, children’s welfare, youth and women’s empowerment, among others.

Mrs Kagame is also one of the founders of Green Hills Academy, one of Rwanda’s top performing schools, which was established in 1997 to contribute to the empowerment of young people through education.

From a little over one hundred enrolled students twenty years ago, Green Hills Academy now has more than 1,500 students from diverse countries, and is the only school in Rwanda to offer the International Baccalaureate (IB) Diploma Programme, and Label France Education accreditation, helping students become more competitive at the international level.
IMBUTO FOUNDATION: AT-A-GLANCE

TARGET FOCUS

The 2018-2024 Strategic Operating Plan has opened the way for a new direction, under the following priorities:

• Contributing to a competitive knowledge-based economy through motivated, excellent and well-educated students.
• Contributing to the improved quality of life through informed, confident and healthy citizens.
• Contributing to equitable and sustained national development through productive and engaged youth and women.
• Multiplying and scaling up impact generated by Imbuto Foundation interventions.
• Imbuto becoming a self-sustained and philanthropic Foundation to make an impact.

Our programmes, therefore, have been strategically restructured to feature targeted programmes and initiatives aimed at maximising our impact and realising our newly established goals.

Two new Departments were created under the 2018-2024 Strategic Operating Plan, in order to strengthen the capacity of implementing partners and to finance new strategic initiatives: Knowledge Development and Dissemination, and Resource Mobilisation and Partnerships.

OUR GUIDING PRINCIPLES

We are guided by the following five principles, that are integral to the role we must play in catalysing growth in the education, health and youth empowerment ecosystems:

1. We invest first and foremost in people: our mission is to empower individuals to take advantage of opportunities. Fundamentally, our work needs to touch a person and consequently their communities.
2. We invest in challenges that are not being addressed by others: we like to be catalytic and sustainable. If other funding and implementing partners are adequately addressing a problem, we will move on. If it is not being addressed, we will build a sustainable way to do so.
3. We invest with partners whose values resonate with ours: we understand that the challenges we face cannot be solved by individual action but rather with collaborative action. However, we will only work with like minded and value-driven partners.
4. We invest in solutions that lead to the achievement of national, regional and global goals: we see ourselves as partners for the development of Rwanda, the region, and the world at large. We therefore align our objectives with the country’s National Strategy for Transformation (NST), with Agenda 2063 for the Africa We Want, and with the Sustainable Development Goals (SDGs).
5. We invest in harnessing the power of innovation and technology: technology gives us, on a scale and speed never before possible, the opportunity to further our impact, and tap into latest trends and developments.
Through its work and advocacy, the Foundation has, over the years, emerged as a trusted and committed partner of choice for the nation’s development, reputed for its ability to deliver impact efficiently and effectively. The Foundation has grown to manage over 20 projects in the area of health, education and youth empowerment, since its inception in 2001.

To expand on this past experience and maximise its impact, Imbuto Foundation continues to direct its interventions within the framework of its Strategic Operation Plan 2018–2024. The Foundation has transitioned to developing the capacity of implementing partners and to fostering greater collaboration in the ecosystem within which it operates.

More specifically, the Foundation is:

- Supporting and implementing targeted, people and community-centred projects.
- Increasing emphasis on generating and documenting lessons learnt from its experience in implementing projects.
- Facilitating and catalysing effective collaboration to strengthen ecosystems in its areas of intervention.

Supporting and implementing targeted and innovative projects and solutions in health, education and economic empowerment.

Investing in knowledge development and dissemination to develop the capacity of implementing partners.

Building and catalysing effective collaborations to drive resources towards scaling shared innovative solutions.
## EDUCATION

During the fiscal year 2019-2020, our activities and efforts in the area of education aimed at achieving two overarching outcomes, which included:

- Increased and equitable enrolment in quality ECD services.
- Improved learning outcomes for learners in basic education.
