

imbuto HUB

ROOTED IN COMMUNITY

A Space for Learning, Health,
Sports and Opportunity.

What Are Imbuto Hubs?

A Vision for Every Young Rwandan

At Imbuto, we believe that investing in human capital is the foundation of progress. Built on the model of **"Rooted in Community,"** Imbuto Hubs are community spaces where young Rwandans can discover their potential, sharpen their skills, and shape their futures.

Spanning across Rwanda, these hubs offer the resources, mentorship and tools needed to empower young people throughout their life cycle, while prioritizing the safety and protection of all children and youth attending the facilities. Each Imbuto Hub will be a source of opportunity for every young person at every stage of their journey, whether they are exploring their first steps in education or venturing into the professional world.

Through these dynamic and vibrant spaces, where creativity, learning and growth intersect, young Rwandans do not just access tools and knowledge; they connect with a community that propels them forward. A place where every function, every feature is designed with a singular purpose: to nurture the limitless potential of the youth.

Who are the Imbuto Hubs for?

Imbuto Hubs are for every young Rwandan, regardless of where they are on their journey. But the transformation doesn't stop there. These hubs are a place where businesses, mentors, and changemakers come together to support the next generation of leaders.

Young People: From early childhood to young professionals, every stage is supported.

Community Leaders & Changemakers: Strengthening youth engagement and development.

Businesses & Mentors: Investing in future leaders and sharing expertise.

Partners & Organizations: Enhancing impact through collaboration and strategic support.

Innovators & Creatives: Bringing new ideas and artistic expression to inspire change.

Intergenerational experts: Foster mentorship, knowledge sharing, and innovation by blending experience with fresh perspectives.

*Literally translated, imbuto
[eem-bu-toh] means 'seed'.*

"A seed well planted, watered, nurtured and given all the necessary support, successfully grows into a healthy plant – one that reaches high and stands tall. Imbuto Foundation envisions this for all its current initiatives and those in the future."

H.E. Mrs Jeannette Kagame

*First Lady of the Republic of Rwanda
and Chairperson of Imbuto Foundation*

OUR VISION

A nation of empowered and dignified Rwandans.

OUR MISSION

To support the development of a healthy, educated and prosperous society.

OUR VALUES

Excellence, Integrity, Innovation, Solidarity and Commitment.

A LIFE SHAPED BY IMBUTO

KEZA' s Story

1

Discovering the World (Early Childhood Development Space)

As a young child, Keza's first steps in learning were shaped in the ECD Space, where she was nurtured in a safe, stimulating environment. Here, she learned the basics of literacy, social interaction, and creativity.

2

Unveiling New Possibilities (Library/ Reading Room)

At age 6, Keza's curiosity bloomed as she discovered the Library. Surrounded by books and knowledge, she was inspired by stories of doctors and pioneers, sparking her dream of becoming a doctor.

3

Exploring Digital Horizons (ICT Area)

As a teenager, Keza found herself in the ICT Area, where she explored digital tools that brought her medical studies and passions to life. This access to technology ignited her interest in medical research and digital health solutions.

4

Building Dreams and Skills (Skills & Economic Empowerment)

At 16, Keza enrolled in the Skills & Economic Empowerment programs. She learned practical skills, from financial literacy to entrepreneurial thinking, helping her understand how to turn her dreams into reality.

5

A Creative Passion (Arts & Creative Expression)

Keza's love for design flourished in the Arts & Creative Expression zone, where she learned to combine her medical passion with her flair for fashion. She began designing innovative medical uniforms and accessories.

6

Fostering Physical and Mental Well-being (Sports & Well-being)

Throughout her teenage years, Keza took part in activities in the Sports & Well-being area, strengthening both her body and mind. These programs not only kept her physically fit but also helped her navigate stress, fostering mental resilience.

7

Finding Purpose and Leadership (Community & Leadership)

At 18, Keza's leadership abilities began to emerge in the Community & Leadership hub. She took part in youth-led projects, organizing community health initiatives and advocating for youth involvement in Rwanda's development.

8

Deepening Knowledge and Wisdom (Intergenerational Dialogues)

As a young adult, Keza engaged in intergenerational dialogues within the hubs, learning from elders and gaining invaluable wisdom that helped guide her career and personal growth.

9

Becoming a Doctor (Health & Wellness)

Keza's medical journey was supported by the Health & Wellness programs at the hub. From mentorship on navigating medical school to wellness tips that kept her grounded, the hub helped her thrive in both her personal and academic life.

10

Returning as a Mentor (Coworking & Collaboration)

After becoming a doctor, Keza returned to the Imbuto Hubs, now a mentor. She collaborated with young aspiring doctors, sharing her knowledge, experience, and wisdom. The Coworking & Collaboration spaces became her platform for giving back, empowering the next generation of Rwandan leaders.
